- 3 Activators to Choose From

ADVANTAGE #580 EURO MAX High Solids Clearcoat 2.1 VOC is an advanced new system designed to maximize speed and ease-of-use in the collision repair shop.

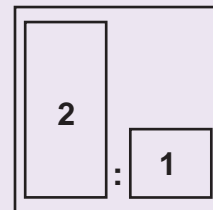

Formulated using European technology, #580 is a tough, durable clearcoat that helps make shops more productive.

Because it provides great gloss direct from the gun, buffing is made easy, if needed.

Exhibits high build, dries fast and is easy to spray with excellent flow out and leveling.

Use on a variety jobs from small repairs to overall refinishing.
