Premium Quick Finish Clearcoat

(18oz.)

5 STAR XTREME PREMIUM QUICK FINISH CLEARCOAT

Is easy to use for “cutting in” replacement parts and door jambs. The EZ TOUCH™ FANSPRAY® valve requires 50% less finger pressure than a standard valve. Allows greater coverage with less overspray, and manipulates like a professional spray gun.

DIRECTIONS:

- 1) Use at room temperature (70°F) for best results. Do not paint on days when humidity is high.
- 2) Shake can for two full minutes. Repeat for 10 seconds after each minute of use. Clear has no mixing ball.
- 3) TO SPRAY, hold can 6-8 inches from surface. Use steady, even strokes, keeping can parallel to the surface throughout the stroke. Avoid drips and runs by applying several thin coats at one spraying.
- 4) If spray button becomes clogged, pull off and clean. DO NOT stick pins or wire into can opening. Replace spray button firmly with valve opening pointed away from you.
- 5) To clean valve after use, invert can and spray until only gas comes out.
